Subject: Request for Release Authority

1. The CIA Clandestine Service has approved the release [redacted]
[redacted] of information in report [redacted]

25X1A2g

[redacted] as used
in USARPAC study "Sino-Soviet Military and Economic Aid to South and
Southeast Asia." Reference 4 (Inclosure 4) was apparently taken from
[redacted] and extracted information may not be used in the
released USARPAC study. [redacted] concerns aid to Burma and the para-
graphs on Burma (pp. 10-12) should be carefully scrutinized to remove
any information from this report in the USARPAC study.

2. The CIA Office of Research and Reports has also reviewed the
USARPAC study "Sino-Soviet Military and Economic Aid to South and South-
east Asia." Data taken from the EIC semiannual reports, EIC-R14 series,
has been approved for use in this report and release as requested, with
the following exceptions:

- a. Page 5 of draft study: The information in the first
paragraph at the top of the page commencing with "USSR-
Indonesian military" and ending with "and amphibious landing
craft." must be deleted;
- b. Page 6 of draft study: The sentence "The GAO recently
. . . of the Kabul Military School." must be deleted;
- c. Page 6 of draft study: Last paragraph on the page, in-
cluding all of the table following which is continued
on page 7, must be deleted.

This data is derived from HOFORN source material.

3. On page 1 of the USARPAC draft study, TABLE 1, the figure for Sino-Soviet Economic Aid to India, June 1959, seems to be misquoted. EIC-R14-57, Sino-Soviet Economic Activities in Underdeveloped Areas, 1 January-30 June 1959, cites the cumulative figure through June 1959 as 322.9.

4. It should be pointed out that if the USARPAC draft study had been documented with correct page numbers of the reference to be checked, it could have been handled more expeditiously.

5. Attached is a SECRET version of EIC-R14-S12, Sino-Soviet Economic Activities in Underdeveloped Areas, 1 July-31 December 1961, Copy No. 41, to be transmitted to USARPAC. They may want to use this document to update the information in their study through December 1961. Data may be used from this document without requesting permission from CIA.

6. Referenced DF, with three inclosures, is returned herewith.
